Gary:

We had two totes in the group 1-030 T, 1-031 T. You have not been charged for the training. Mike and Rodney both came in early on the their first days, when we completed their orientation.

Leroy:

I understand that Eric went home sick and Gary had to leave because of his father. I understand that we had 1 new guy onsite (Rodney). I should not be charged for training up Rodney nor should I have been charged for training up Mike previously because these changes were made at the behest of SWS because they no longer wanted temps working on the site when SWS employees were not on a job site.

It appears that not a lot of containers were done but the volume seems to be ok. What containers were done that accounted for the large volume.

Thanks
